CODE OF ETHICS
of the
AMERICAN ASSOCIATION OF NURSERYMEN,
INC.

To regard the nursery business as an honorable and necessary profession, and to conduct myself and my business in such a manner as to enhance the standing of my vocation in its public acceptance.

To deal fairly and justly with my customers and to condemn all forms of practices which tend to discredit the nursery industry or injure its public relations.

To strive constantly and assiduously to improve my qualifications and proficiency in the industry and thereby merit the approbation and esteem of others.

To adhere to the By-laws of the Association and the Code of Fair Business Practices of the Association and to foster its objectives.

Prices for Balling and Burlapping

TREES

Prices listed as follows are for regular nursery practice and in accordance with the variety of material, root system, etc.

	Each	Each Per 10
18 inch diameter	4.75	4.25
20 inch diameter	6.00	5.50
22 inch diameter	8.00	7.50
24 inch diameter	9.50	9.00
28 inch diameter	11.50	11.00
32 inch diameter	17.50	17.00
36 inch diameter	22.50	22.00

For client to determine his base cost per ball, use the following example:

1½" caliper of tree = 18" diameter price.

2" caliper of tree = 24" diameter price.

We reserve the right to keep the balled trees and shrubs at a minimum or maximum size without change in the ball cost.

BOXING CHARGES AT COST.

Because our nurseries consist of over 650 acres in a five mile area, we find it necessary to adhere to the following policy:

1. When you bring your clients into the field, stop in the office and leave word with the secretary as to where you will be from time to time and what items you are showing.
2. If any material is to be tagged, permission must be granted from the head office.
3. On all tagged material an acknowledgement of order must be made by four o'clock the same day and signed by the purchaser.
4. If any tagged material is to be cancelled or changed, the purchaser is aware that he is liable for 20% of the original unit cost per plant as penalty for holding the stock.

A complete GUIDED TOUR during AUGUST AND SEPTEMBER of our nurseries for a large or small group may be arranged through ADVANCE APPOINTMENT.

Why You Get the Best—

When You Buy From Us!

Our trees, shrubs, evergreens, etc., are grown for high-class landscape work in order to give an immediate effect when set out.

Our plants are grown in fertile soil and well spaced in rows. All our nursery stock is well fertilized periodically in order to get the best color in the plants and at the same time keep them in the healthiest condition.

Our plants are given individual attention in the proper shearing so as to put them in the best possible balanced symmetrical shape and to give them the most compact bodies possible.

Our nursery stock is many times transplanted giving it the chance to develop the fine, fibrous root system so necessarily needed to move these plants with ease and safety.

Weeds are constantly being eliminated and the ground kept moist by constant cultivation by horse, by machinery and by hand hoeing.

Spraying is done, when needed, to rid the plants of any insect pests.

Therefore, we take great pride in saying that we grow some of the best specimen stock to be found anywhere in this section of the country.

When you are in the vicinity drop in at our Nurseries and let us show you our nursery stock.
